3.1	Russell School June contacted Joy Piper who has passed it to John Seamarks. There has been no reply yet from Paul Salmon.	Ongoing
3.2	Willow Way As the town council feel all the extra signage is the responsibility of CBC, our only course of action now would be to contact Marcel Coiffant, director of Community Services. Peter Keates will go ahead with the limited number of signs they have already agreed, but with only road names and no house numbers. We will check with the East of England ambulance service whether their drivers have reported any problems in locating the addresses they are called to.	Ongoing JH
3.3	Parkside Hall event	Closed
3.4	Park Hill Alan Read notified ACSG that the resident of Park Hill whose wall has been hit a number of times by lorries unable to navigate in the narrow street had her wall damaged again last week. Tim had been unable to access the appropriate people at the satnav input control. Could Amphill Town Council put pressure on CBC Highways to correct satnav info via mapsharetool.com, especially to feed into lorry satnavs which show HGV suitable routes. Also to erect an 'unsuitable for large vehicles' sign? June and Peter will attend the Highways and Planning meeting of the Town Council tomorrow night, the 27 th May to ask whether they can help at all. <i>Post meeting note: June asked the Town Council for help with this. Paul Duckett said that he had spoken to the resident about the problems with the wall and informed her that there is a possibility a sign could be erected to discourage large vehicles although it could not be enforced. A survey of the air quality in the town is being done and the problem of large vehicles coming through town will be dealt with by ensuring their sat. navs show the correct routes.</i>	JH/PD
3.5	HWRC	closed
3.6	Community Watch	closed
3.7	Police Celebrating volunteers event	closed
3.8	Local Crime Statistics Juliet is now sending Amphill details to June so Lloyd no longer needs to do his analysis. Peter and June did a patrol in the Zigzags and found signs of drug dealing activity. They notified the police who said they would keep it under surveillance. Subsequently PCSOs were told to demolish the 'camp' but during the Street Watch visit on Friday they found the site was still there and in a worse state than before.	Ongoing
